EDUCATION

FAR EASTERN UNIVERSITY – INSTITUTE OF TECHNOLOGY City of Manila

BS Information Technology with Specialization in Web and Mobile Applications 2023-2027(Expected Graduation)

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Database Systems, Web Design, Project Management, System Integration and Architecture

LEADERSHIP EXPERIENCE

FEU – TECH City of Manila

TICAP Programs Assistant Head September 2026 – Present

- Facilitated a full-day onsite seminar attended by 300 students, coordinating with multiple committees to maintain a smooth program flow, communicate updates, and address changes throughout the event
- Hosted a full-day webinar and wrote the event script, maintaining live coordination with multiple committees to adjust transitions and accommodate program changes while fulfilling hosting responsibilities
- Contributed to scriptwriting, program sequencing, and facilitation for a two-day research colloquium, balancing event responsibilities with presenting the capstone project Bloomora on the second day

PROJECTS

BLOOMORA (Web and Mobile App) 2025 - 2026

Lead Documenter, Lead Quality Assurance Member

- Collaborated on the year-long development of a floral e-commerce platform featuring AI-powered two-way customization, from client acquisition and ideation to system turnover
- Led the review and refinement of the capstone paper, documenting system functionality, development processes, and project decisions to meet academic standards across three defenses
- Conducted nightly testing of system modules during an intensive development period lasting two months, identifying issues, communicating findings to developers, and verifying fixes
- Maintained the team's Scrum task list, adding tasks, adjusting priorities based on testing findings, and removing items that were no longer relevant as development progressed
- Worked with the client, mentor, and panelists to incorporate feedback into project refinements, contributing to a successful final defense with minor revisions

ACTIVITIES

FEU-TECH TICAP RESEARCH COLLOQUIUM 2026 City of Manila

Presenter

- Led the presentation of Bloomora, a floral e-commerce platform with AI-powered two-way customization, to an external panel of judges and fellow students

FEU-TECH TECHNOPRENEURSHIP 2025 City of Manila

Presenter

- Pitched IgnisAid, a proposed fire safety application for people with visual impairments, communicating the concept's purpose and intended benefits
- Explained how the proposed application aimed to address the fire safety needs of its intended users, emphasizing accessibility throughout the presentation
- Earned **Best Presenter** and **Best Pitch** awards for the presentation and proposed application
